# The Journal of Frailty & Aging

## LIGNE ÉDITORIALE Overview

*The Journal of Frailty & Aging (JFA)* is a e-only gold open access peer-reviewed international journal aimed at presenting articles that are related to research in the area of aging and age-related (sub)clinical conditions. In particular, the journal publishes high-quality papers describing and discussing social, biological, and clinical features underlying the onset and development of frailty in older persons.

*The Journal of Frailty & Aging* is composed by five different sections:

- Biology of frailty and aging
- Physical frailty and age-related body composition modifications
- Neurosciences of frailty and aging
- Frailty and aging in clinical practice and public health
- Clinical trials and therapeutics

JFA is available on ScienceDirect.
